TEAM PTG M3s

Auberlen, Hand Take G.A. 400 GT Victory

BMW Team PTG M3s Finish 1st, 6th, 7th, 12th
Fontana, Calif. — April 3, 2005

The No. 21 BMW Team PTG M3 of Bill Auberlen and Joey Hand won the GT class of today's Grand American 400, moving BMW to second in Manufacturer Points. It was the first victory of the 2005 season for the defending GT class champions. Starting from the pole, the duo covered 84 laps in the two-hour-and-forty-five-minute contest, finishing ahead of the No. 65 Porsche.

Not an easy race, the contest was marked by six caution periods that required smart pit strategy by Team PTG to gain advantage over a very competitive 24-car GT field.

After falling to second on the lap 14 restart, Auberlen pitted for fuel only during the second yellow-flag to regain the lead. He held the point and it was the fifth caution period of the race that proved pivotal for the win. Just within the window to make it a one-stop race, Auberlen was able to pit the No. 21 M3 under caution. Hand entered the car on lap 46 and, though challenged towards the end of the race, held on for the win.

The No 22 BMW Team PTG M3 of Chris Gleason and Ian James finished sixth after starting fifth.

The No. 16 BMW Team PTG F1 Air M3 of Tom Milner and Justin Marks started second and ran just behind the leading No. 21 M3 for a great part of the race. Unfortunately, their effort was undone by a broken coolant fitting. Marks had to pit for repairs with only 25 minutes remaining in the race. They finished seventh, with Milner setting the fast lap of the race (1:41.545) on lap two.

After running in the top-10, the No. 17 BMW Team PTG F1 Air M3 of RJ Valentine and Kelly Collins dropped back in the field late in the race after pitting for tires. They finished twelfth.

Round four of the Rolex Sports Car Series will take place on April 29 – May 1 at Laguna Seca Raceway. *bj*

BMW DRIVER Ed

BMW Performance Center Announces 2005 Driving Program Schedule

Two-Day Teen Driving School Offerings Increase Spartanburg, SC — March 22, 2005

Fans of the ultimate driving machine can indulge their passion while honing their driving skills at the latest driving programs offered by the BMW Performance Center. Located in Spartanburg, South Carolina, the BMW Performance Center has just released its new driving program schedule, which features more class offerings for the popular two-day teen driving school.

"Our driving programs are designed for everyone – from the teen novice driver to the skilled enthusiast -- who wants to maximize his or her performance behind the wheel while developing defensive driving skills on a professional course," said Diane Nevelle, manager of driving programs and events. "This year, we're expanding the number of two-day teen driving schools to accommodate customers' increased interest."

Both the one-day and two-day teen schools teach young, inexperienced drivers car control techniques that they may not have learned elsewhere. Teens can build their confidence while learning how to cope with everyday traffic situations, performing complex maneuvers, and responding to real-life driving emergencies in a safe, controlled atmosphere.

The teen schools also let drivers fulfill their dream of driving a 3 Series, and both programs offer the BMW 330i Performance Package.

The second day of the two-day teen school features driving lessons with the X3 and X5 Sports Activity Vehicles on the specially-built 'Other Roads' course. Teens experience a winding 1.4 mile route with gravel, water and dirt trails that simulate a variety of road conditions. These exercises, combined with lessons on a paved course, provide participants with a thorough understanding of vehicle dynamics.

Teens also handle rock angles up to 45 degrees and learn safe river-crossing techniques and Hill Ascent Control and Hill Descent Control on uneven surfaces using BMW traction systems. The 'Other Roads' course includes cornering at ground speeds on gravel surfaces and ground clearance limits.

All BMW driving programs start with a short classroom lesson followed by extensive "seat time" on BMW's professionally-built course. In fact, the BMW Performance Center road course can be configured in 35 different ways and uses special features not found in most driver training programs.

Gift certificates are also available for each driving program. For more information on the BMW Performance Center and its programs, call 888-345-4BMW (4269). *bj*

FROM THE MEMBERSHIP CHAIR

Gingerman Raceway with CGI Motorsports

Travel by High-speed Ferry Registration Closes May 21

In June 2004, a dozen *Badger Bimmers* linked up with CGI Motorsports to spend a Monday at Gingerman Raceway in South Haven, MI. It was a very enjoyable event at a very safe yet demanding road course. Gingerman Raceway is about two miles in length, with elevation changes, complex cornering and a lot of run off areas throughout the course.

An added feature is that South Haven is a nice lakeshore community much like Door County with a great beach-front, shops, restaurants and other amenities for the rest of the family if you choose to make it a longer weekend outing.

Last year, a few of the members made use of the high-speed Ferry to shuttle over to Michigan the day before, avoiding Chicago and the Sunday traffic shuffle. A one-hour drive south from Muskegon and we were there in time to unpack and have a relaxing dinner in South Haven.

CGI offers a full-day driving experience. Registration starts at 9 am EST with a mandatory drivers' meeting at 9:30 and the first group out at 10 am. Even with an hour lunch break, plan on seven 20-minute sessions. The track closes at 6 pm, leaving about 3.5 hours of sunlight for a return trip through Chicago and back to Milwaukee.

This year we have reserved the date of July 18th. CGI schedules their events for Mondays. Registration is followed by introductions and a brief classroom session. Novices will have another half-hour classroom; in-car instruction will be available. Cost for the one-day event is \$175.

Again this year, we are looking into using the high-speed ferry from Milwaukee to Muskegon. Cost of the ferry is \$50 per person and \$59 for a car, one-way. A round-trip totals \$85/person and \$118/car BUT, with the late departure time from Michigan, you may want to drive and be home a few hours earlier. More complete information and directions are available at www.lake-express.com.

So, if you like to drive, want to experience another track beyond Blackhawk and RA, you may want to mark down this date at Gingerman with the *Badger Bimmers*: July 18th. For more information on CGI, go to www.cgimotorsports.com. For more on Gingerman, go to www.gingermanraceway.com. Since CGI holds registrations for our group before others

can sign up, please contact me no later than May 21, 2005. To register, contact me at pszedz@mac.com or call 414-264-4343.

Badger Bimmers Return to Autocrossing with SCCA

WHEN: Saturday, June 18, 2005 7:30 to 8:30am Registration

WHERE: Miller Park, East Parking Lot

HOW MUCH: 20 bucks

WHO: All Badger Bimmer Members

WHY: WHY NOT!!! A great way to have fun with your cars

Mark your calendars. This June 18th the Badger Bimmers are sponsoring an autocross with SCCA on Father's Day weekend. The date set is a Saturday so as to not interfere with Dad's Day celebrations. Due to the Badger Bimmer's sponsorship of the event, all Badger Bimmers will be able to sign up at the SCCA member rate of \$20 and this includes same day registration.

For the June 18th autocross, there will be one special class..... and that would be the BMW class. All Badger Bimmers who are not active in SCCA autocross and have not established a car class will be listed in the BMW group. That way we can measure the competition against a wide variety of drivers and car types. Whether you bring your 2002, Z3, 740 or Isetta, we will all run against each other. Based on registration, we may even run a BMW novice class for those who have not autocrossed before. Having experience is not as important as a willingness to have fun and learn some new driving skills.

For those of you thinking of signing up for the handling clinic in May, this would be a great opportunity to test out your newly acquired skills before the high-speed driver's education event at Blackhawk Farms (end of June or late in August).

Minors: for an autocross event, the age needed to participate is only 16 years with a valid driver's license. But you will need a waiver signed by both parents. This rule applies also to minors who will come to watch and not drive. If you are going to have a minor child join you, contact me ahead of time for a minor-waiver form that can be signed ahead of time.

Other details: bring lots of water since it is easy to dehydrate being in the open all day. Typically there is also a high school group handling the grills for burgers, hot dogs and the like. Or, if you prefer, bring your own lunch and save the hassle of running out to get something to eat.

So, plan to clean out your trunks, floor mats, glove boxes and grab your helmets. Come along for a day of fun at Miller Park. More information can be found on the SCCA Web site

at: <http://www.scca-milwaukee.org/Solo/2005/05sched.htm>.
Or contact Paul Szedziewski at Pszedz@mac.com or 414-264-4343.

Let's surprise the SCCA folks by showing up with 50 members and their cars!
bj

On-line Registration Up-and-Running

The BMW *Badger Bimmer* Chapter's on-line registration for the Friday Drivers' School at Blackhawk Farms is ready for you! We hope you'll join us at the track on Friday, June 24, 2005.

To register, follow these simple steps.

- Go to <http://www.badgerbimmers.org/onlinereg/reg.pl?regid=bfr200506>
- Read the information there and then fill in the blanks.
- Click on the Submit at the bottom of the form. (YOU ARE NOT DONE YET!)
- Read the information at the top to see if you have filled in everything correctly.
- Once you have corrected any information, you will have to reconfirm by clicking at the bottom of the form again.
- Do not print out the final pages until you see the top of the page that says IN RED your registration has been confirmed and submitted electronically. Print then, sign and send it in with your check.

If you are an instructor, please contact John Morgan (jemorgan@wi.rr.com) so we have an idea of how many novice students we can accommodate.

When you submit your registration, you will get a notice that your registration has been received, and Darcy Yench will receive your information. Then all you need to do is send your check to Darcy at the address on the form you printed out along with your signatures where needed. Please make your checks payable to *Badger Bimmers*.

Once we have your check, your registration is complete. You will be receiving the event information *via* e-mail. The tech and medical forms are available on the Web site, on the home page. Click on Events and scroll down to find the downloadable file. They must be filled out and signed BEFORE you come to the event.

You must be a BMW member to participate in our events. Please share this information with anyone you know who would like to drive and participate in our driving event at Blackhawk Farms.

Show off your BMW at
International Autos

3rd Annual Indoor Car Show
Sunday, May 22, 2005

2400 S. 108th Street (Hwy 100)
Milwaukee, WI 53227
414.543.3000

Ever since the salt was washed off the roads, we know you've been cleaning and polishing your beloved BMW so it shines and sparkles! Now's your chance to show it off at the International Autos Indoor Car Show. IA has been very gracious by being our sponsor and by providing us their showroom space and receiving areas for the exclusive use of the Badger Bimmers! This event is free to Badger Bimmer members, their families and friends. Join your fellow BMW lovers in reviewing carefully prepared BMW's, and enjoy the complimentary refreshments provided by IA.

Members of BMWCCA may enter one or more cars with an entry fee of \$20 per car payable at the event with personal check. Cars will be judged using "Preparation Class" rules. So, no matter how old or new, or which model you're displaying, all cars will be judged fairly. Judging will include exterior and interior (trunks and glove boxes). Optional engine bay display as well. Trophies will be awarded.

Categories will be:

BMW's of the '70's
BMW's of the '80's
BMW's of the '90's
BMW's — 2000 and newer
People's Choice Award

Doors open at 10 am to receive BMW's Questions? Contact Cindy Ansay
Registration from 10:00 am until 11:00 am
Judging begins at 12:00 pm sharp 262-388-7384
Door Prizes at 3 pm
Car show awards at 3:30 pm

This is a rain or shine event!
