Jeff
Fait

Crossing 2016's Finish Line...

It's the day after Thanksgiving as I write this. Trying to awaken from the turkey-coma, put some words (of wisdom?) onto the page, and feeling satisfied with how 2016 is wrapping up. Our club did some great things this year, we had a lot of fun times, and our membership is well over 900 strong.

Upcoming Badger Bimmer Board Elections

We have a great ballot full of candidates for office in our upcoming election! We have **FIVE** candidates running for the **two** available Board Member positions. Please see **Tim's, Josh's, Jordan's, Chris',** and **TJ's** candidate statements later in this issue. It's great to see so many people caring enough to get out there and give it a shot.

Even if you aren't running for office, remember that everyone is encouraged to participate as much as you can in the club. You don't need to be an elected officer to plan an event or help with running an event. Get involved, we have lots of resources and, if you have ideas for fun things to do let's see if we can make them real. **Darcy, Larry,** and I are also running again for another term in our current positions. Something different this year, to make it easier to vote –Instead of paper ballots we will be voting electronically via **motorsportreg.com**. You will need to create a free account there if you don't already have one. Voting **opens December 1, 2016**. Be sure to cast your ballot **no later than Friday, January 13, 2017** at <https://www.motorsportreg.com/index.cfm/event/survey/uidSurvey/957CEAEE-0B12-EC16-6A835D09687F830C>.

Holiday Party

Our Holiday Party will be on Saturday, **January 14th** at **Hotel Metro** in downtown Milwaukee. We have an incredible meal planned, lots of door prizes, and the winners of the election will be announced and inaugurated. Advance registration before **January 2nd** is required, via **motorsportreg.com**. Click msreg.com/Badger2017HolidayParty for all the details and to register and make payment. We only have room for **90** so don't delay! If you've never been to one of our Holiday Parties, you're really missing out on some great times and the chance to meet other club members over delicious food and drink. Highly recommended.

Chicago Auto Show

We're making plans to attend the Chicago Auto Show on **February 11, 2017**. We're chartering a luxury motor coach for the journey, additional details are published later in this issue. Sign up at msreg.com/cas2017

Dinner and a Movie

The annual Dinner and a Movie event at **Ron's Toy Barn** will be on **February 18, 2017**. This event is always great fun, check out msreg.com/cm2017 for the full scoop and to secure your free reservation. Attendance is limited to **25** and all attendees must be **18** or older.

Also - please take a moment to visit our web site (www.badgerbimmers.org) to see the full event calendar to be sure you don't miss anything.

Welcome New Members!

Badger Bimmers New Members in 2016

The following members have joined the club between January 1, 2016 and October 31, 2016.
In the future, new members will be listed each month.

MILWAUKEE NORTH

OktoberFAST 2016 Wrap Up

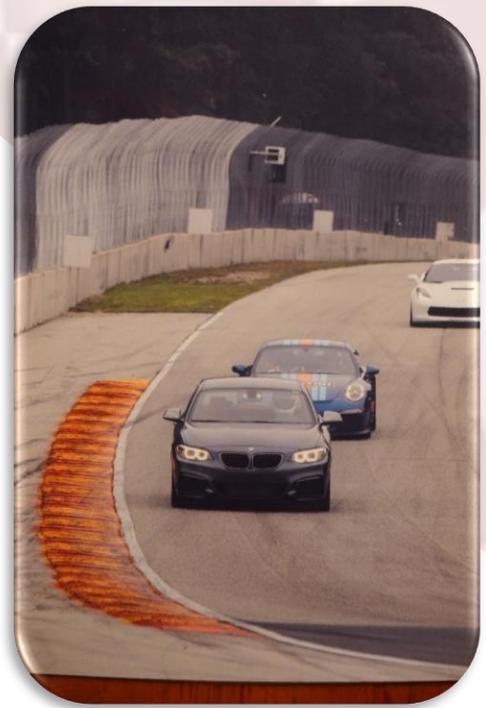

And so it continues...

My first **OktoberFAST** was not this year, nor was it in any recent year. It pains me to admit that I've been going to **Road America** and driving **OktoberFAST** and other High Performance Driving Events (HPDE) as well as races for decades, not years. For my first event, I drove, at that time the infamous "**Phantom Car.**" I never asked how it earned that name, but when I bought it from what was the **Little Car Shop**; the name was firmly attached to the car, presumably from its autocross days. I intended to use it to hit the highspeed tracks.

"Phantom Car" photo by Edmund

The Phantom Car was relatively quick, with a sport suspension, 4-point roll bar, 5-point restraints, a built engine with twin side draft Webers, a Stahl header, fiberglass hood, and more. I anticipated my initial Road America driving experience with confidence, until my instructor told me that he would be driving the car for the first couple of laps. From the passenger seat of my own car, we left pit row, entered the track and drove toward turn one at a speed that I thought would surely kill us both before we reached the apex. I watched my instructor's hands and feet dance on the shifter, steering wheel, and pedals as we effortlessly navigated the entire track without incident. I was in awe. My instructor liked the car so much, he took another lap.

Strapping myself into the driver's seat prior to lap three, I understood that I had a lot to learn. Will, my instructor was patient with me. Taught me more than I could have imagined and eventually had me going flat out through the kink. To this day, with a far superior car and tires, my kink speeds aren't much faster.

OktoberFAST 2016 reminded me of my humble beginnings and the continued opportunity that **Badger Bimmers, BMW CCA**, and other car clubs have provided to expand and improve my driving skills while building camaraderie with a terrific group of car enthusiasts.

OktoberFAST 2016 Cont.

This year's event, held September 23 - 25, provided great weather (for the most part) fast cars, tremendous staff and students, and a fairly safe event. Overall, the tone of the event seemed calm, quick, and fun. For those that did not attend the Saturday night dinner, the **Osthoff** does a great job of feeding us at a Badger Bimmer discounted price. The Saturday cocktail hour and dinner provide a relaxing atmosphere to engage with people you are enjoying track time with. Of course, dinner is served early, so that we can get the much-needed rest for Sunday's driving.

For several years, I have been paying it back as an instructor at various HPDE schools and assisting with some of the administrative duties. Helping others while continuing to improve your skills can be more gratifying than expected. I've also expanded my driving to include racing and now have a shop where I'm building my own **BMW** race car, as well as developing my M3 HPDE (maybe also a future race car).

This year also defines another transition year for Badger Bimmers. Only a short time after **Mike Clemens** has moved on from Badger Bimmers Driving Events Chairman to his new role at Road America, **Erik Iverson** has elected to step down as the current Driving Events Chairman. Our board of directors has asked that I replace Erik as the DEC. I am honored to continue my version of paying back to so many people that have enhanced my driving experience over the years. I look forward to continuing our tremendous safety record, legacy of teaching and developing drivers, and I anticipate introducing improvements to our school that will enhance all our experiences.

~ Joe Conway

CANDIDATES FOR BOARD OF DIRECTORS 2017

Hello, my name is TJ Worley and I am a candidate for the Board Member position.

Twelve years ago, I purchased my first BMW. Needless to say, I was hooked! Nearly 20 BMW's later and my passion is stronger than ever! My fleet currently consists of two e36 M3s, an M Roadster, and an X3 M Sport.

Much of my last five years have been spent working closely with a local BMW club and forum, WIBimmers, helping manage the forum, organizing events, and distributing merchandise. Also, I have proudly helped Badger Bimmers by volunteering to help with their E30 Picnic event the last couple of years.

As a board member, I would like to continue to help organize and attend as many events as possible. I feel that my outreach with the local BMW community as a whole could bring in a new generation of Badger Bimmer members equally as enthusiastic as myself.

Thank you all for your consideration!

Hi, my name is Josh Merline and I am hoping to become one of your Board Members. I have been part of the BMW CCA since the late 90's and have owned many BMWs. Most recently, my track prepped 1987 e28 535is that many of you that attend driving events know. I also own an X5 4.4i sport daily driver. I have a shop where the e28 and other cars were developed and continue to be maintained. I am an active supporter of the Badger Bimmers and I am looking forward to being an asset to the organization by assisting with events and administration in any way I can. I have inspired friends and co-workers to jump into the BMW obsession we all know so well and will work to make sure they are part of our club.

Outside of the club, I am stepping into amateur racing, I play a bit of bass guitar, sometimes golf, and am a senior network engineer for a large company and support projects from Canada to the Caribbean.

In conclusion, this club has been so generous and amazing to me that I would like to be able to pass on those same great experiences and opportunities to others.

My name is Tim Jason and I would like you to consider my application for a second term as a Board Member with the Badger Bimmers. During the course of the last two years of service, I have experienced the inner workings of our club and have enjoyed our collective camaraderie. By doing so, I have had the opportunity to present and help organize many events. I also have hosted the E30 Picnic for the last 4 years which has been a great success for our club. I have also served as the Membership Chairman for the last four years to help promote and recruit members for our local BMWCC Chapter.

During my twelve years as a member of the Badger Bimmer club, I have been fortunate enough to own, restore, and renew many of these fine cars. Through my discovered passion for BMWs, I have won several trophies in the People's Choice/Concours. The driving school experience has been great fun as I continue to learn the limitations of the car and myself. I am a hardworking, personable, do-it-yourself man who would be honored to receive your vote! Let me help you promote your ideas to the club. Thank you for your consideration.

Thanks,

Tim

CANDIDATES FOR BOARD OF DIRECTORS 2017

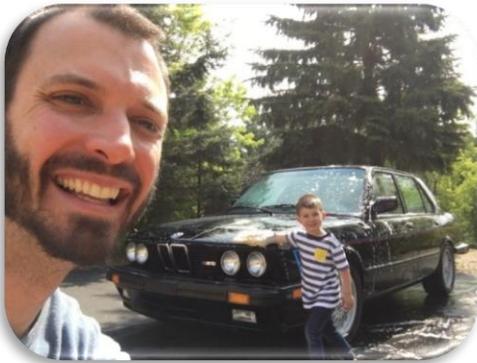

My name is Jordan Ward and I submit for your vote to sit on the Board with Badger Bimmers. I've been into cars my whole life, blew up my first motor when I was 18, which taught me how to do my first engine swap. After many years of being a DIYer on my Hondas and having no money, I eventually was able to jump into a 135i, which set me on what is sure to be a life-long love affair with BMW.

Fast forward over the last several years and I've had several BMWs, met a lot of great people in Badger Bimmers through events like E30 Picnic and track days, and eventually bought my E30 track car from a fellow Badger Bimmer, Charles High. I enjoy wrenching on cars but as I get older, my passion has shifted to HPDE and the social aspect of cars - I'm a regular at many Cars & Coffee events and I try to make as many "official" meets as I can.

A personal goal of mine is to one day become an instructor with Badger Bimmers. As a member of the Board here, my efforts would largely be focused around social gatherings, group cruises, and helping to grow the popularity of Badger Bimmer track days. Knowing many of you has helped keep me interested in the local BMW community and I would like to be a part of that energy. I have a passion for BMWs and am excited for the opportunity to engage myself more in the Badger Bimmer community as well as getting new BMW owners involved.

My name is Chris Wenzler.

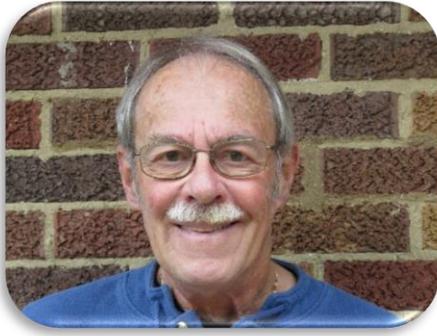

I am a third-generation BMW obsessivist enthusiast. I bought my first BMW at the age of 14. It was a 1975 2002 basket case, but it had Weber DCOE 40's and a lot of potential. My dad (Ed) called it a "diamond in the rough." After four years of every weekend in the garage with my Dad and brother, I was hooked. I spend an inordinate amount of time each day reading about, thinking about, talking about, and dreaming about BMWs. Between my wife and I, we currently own three of them. Through a lot of bashed knuckles and late nights in the garage, they are still on the road... although their combined age is 82 years old!

I am already sharing the passion with my two kiddos, and looking forward to making it a four-generation hobby! I am honored to be running for a Board position. My goal is to help further the BMW community in the Milwaukee area and make some good friends along the way.

Thanks for your consideration - Chris

Candidates 2017...

...For Madison Liaison

For the past few years I've served as Madison liaison for the club. As such, I've helped organize the March board meeting in Madison, the spring car clean-up with Zimbrick BMW and cajoled Zimbrick into continuing the very generous contributions of items for the January club party.

It's been a distinct pleasure. If it is the members' wish, it would be my privilege to continue in the position for another two-year term.

Thank you for your consideration and 'hopefully, your vote.

Candidates 2017...

...For President

Hi, my name is Jeff Fait and I'm running for re-election as President of the Badger Bimmers.

I've been a Club member for 16 years and have served as Chapter President for the last two years and as a Chapter Board Member for two years before that. I think our Club is moving in a great direction and there are many good, fun, and interesting changes on the horizon. I would be honored to continue to serve as President and I am excited to continue helping make our Club the best that it can be.

For Treasurer...

I would be honored to serve again on the Board of the Badger Bimmers as Treasurer.

Having resumed an active role in our local chapter I am again asking for your vote. I have been active in the chapter since I joined the Club in 1996 and hope to continue to help the Club grow in the future.

**So,
WHO
WANTS
TO GO TO**

THE CHICAGO AUTO SHOW???

Badger Bimmers is hiring a luxury bus to take us to the Chicago Auto Show on **February 11, 2017**. The bus has **56 seats, a restroom, and Wi-Fi**. This year the cost for the bus ride is **\$10 each roundtrip for members and \$20 each roundtrip for non-members**.

We're looking forward to filling the bus and lots of FUN for our outing! We are waiting to hear back from **BMW NA** as to whether they can supply us with some tickets again this year so don't purchase yours just yet. You can always purchase them at the door when we get there.

The bus will arrive at the I-43 & Brown Deer Road Park and Ride at 6:30 a.m. for a 6:45 a.m. departure.

The bus will stop at the south west (SW) side I-94 & College Avenue Park and Ride around 7:00 a.m. for a 7:15 am Departure.

We will stop for breakfast at the Petro Stopping Center in Sturtevant on Hwy I 94 and Hwy 20, Exit 333. Planning on leaving there about 8:30 am.

We arrive at McCormick Place at 10:00 a.m. and will depart for home promptly at 2:30 p.m.

If you like, you can bring a small cooler of beverages for the trip and it can be kept on the bus while we are at the show.

Registration and payment is found at MotorsportsReg.com

1971 BMW 1600 - Clean, numbers matching survivor 1971 BMW 1600.

The odometer indicates 80,000 miles, which I believe is accurate. Original interior and engine. Never hit; car was resprayed in the correct Sahara Beige color and engine was rebuilt by prior owner. Does have some surface rust in a few areas and the re-paint was not of the highest quality, but the car looks great and is solid. Engine runs well, no smoke, or oil consumption. No structural rust in shock towers, trunk or some of the other areas that these cars are prone to begin deteriorating. Everything on the car works with the exception of the clock. Interior is not perfect, but is comfortable and original to the car.

Recent work: new gas tank, full exhaust, new Bilstein shocks, shock mounts, control arm and compliance arm bushings, front ball joints, new wheel bearings and seals, rebuilt front calipers, new rear wheel cylinders, new brake pads, shoes and rotors, new brake hoses front and rear, rebuilt driveshaft with new carrier bearings/U joints/guibo, resealed rear differential, new rear subframe bushings, new coolant hoses and water pump, rebuilt rear axles, rebuilt shifter.

It is an excellent, dependable driver. I purchased the car without the center console, but have a correct original correct console that I will include with the sale. Driver's seat needs a recover. Window seals are also in need of replacement. Clean title. Delivery could be arranged as part of deal.

Asking price of \$11,750.

Scott 920-360-2975 or schemauer@gmail.com

AdContent: Staggered set of Bayern Spartan wheels with Pirelli tires for 335i. Spartan Matte Black 18 x 8.5 and 18 x 9.5. Front wheels have very minor curb rash. Pirelli P Zero Nero all season tires with 7,200 miles. Includes TPMS. Paid \$2,045.00 18 months ago, asking \$1,000.00. Located in Racine - can deliver within 60 miles if not able to pick up.

Storage Solutions

mycarstorage@gmail.com or Mike Tripi 414 550 -1191

Do you want to store your classic car or your family heirloom vehicle? Or maybe there's that extra car with nowhere to park it? I have the solution with inside and outside space - the level of protection is up to you!

Our inside facility for cars only is located in Waukesha. The climate is controlled at 55F. We start moving cars in in Nov and pull out is April 30 2017.

Outside is located in West Allis and we have room for cars, truck, boats and trailers this lot has a security fence with barbed wire. Move in is available year round.

Winter Wheels and Tires For Sale

This set of 4 wheels and tires are brand new, never used. They were generously donated to Badger Bimmers by the Wuesthoff family after they sold Concours BMW, with the proceeds to benefit the Club. Any apparent defects in the condition in the photos are just dirt or reflections. These are brand new, never mounted on a car.

These are the correct size for 2012 or newer 3- and 4-series cars **without** the Sport Package. They will probably fit many other BMW models (E9x family especially, but check diameter, width, and offset) but the TPMS sensors will not work correctly.

Tires: Michelin Pilot Alpin ZP winter run-flats, 225/50-R17 94H

Wheels: Moda EB1, 17x8 ET35, 72.56mm center bore (uses hub-centric rings, included)

TPMS: Included, works with F3x (2012+ 3- and 4-series cars) produced through 02/14 only. Older and newer cars use different Tire Pressure Monitoring System sensors.

Original retail value of about \$1275 for the set of 4

Suggested donation to make them yours: \$700 for the set of 4

Contact badgerbimmerjeff@gmail.com for more information or to arrange pick-up.

Winter Wheels and Tires For Sale

This set of 4 wheels and tires are brand new, never used. They were generously donated to Badger Bimmers by the Wuesthoff family after they sold Concours BMW, with the proceeds to benefit the Club. Any apparent defects in the condition in the photos are just dirt or reflections. These are brand new, never mounted on a car.

These are the correct size for 2012 or newer 3- and 4-series cars **without** the Sport Package. They will probably fit many other BMW models (E9x family especially, but check diameter, width, and offset) but the TPMS sensors will not work correctly. See below for more TPMS information.

Tires: Pirelli Winter 210 Sottozero winter run-flats, 225/50-R17 94H

Wheels: Genuine BMW Style 413 (BMW part number 36116796240), 17x7.5 ET37, 72.56mm center bore, includes genuine BMW center caps

TPMS: Included, we have two sets of these wheels and tires. One set works with F3x (2012+ 3- and 4-series cars) through 02/14 production only. One set works with F3x (2012+ 3- and 4-series cars) 03/14 production and newer only.

Original retail value of about \$1800 per set of 4

Suggested donation to make them yours: \$950 per set of 4

Winter Wheels and Tires For Sale

This set of 4 wheels and tires are brand new, never used. They were generously donated to Badger Bimmers by the Wuesthoff family after they sold Concours BMW, with the proceeds to benefit the Club. Any apparent defects in the condition in the photos are just dirt or reflections. These are brand new, never mounted on a car.

These are the correct size for 2008 or newer F01 and F02 7-series cars (including Alpina B7) and for 2008-2016 F07 5-series GT. The included TPMS sensors will only work with cars manufactured September 2010 or later. They may fit other models, it is up to you to research the diameter, width, offset, and center bore size you need.

Tires: Pirelli Winter 210 Sottozero winter run-flats, 245/50-R18 100H

Wheels: Genuine BMW Style 238 (BMW part number 36116775991), 18x8 ET30, 72.56mm center bore, includes genuine BMW center caps

TPMS: Included, works with F01/F02 7-series cars manufactured September 2010 or newer. Older cars use different Tire Pressure Monitoring System sensors.

Original retail value of about \$2400 for the set of 4

Suggested donation to make them yours: \$1500 for the set of 4
